Friday 25th September 2020

Last week's
attendance
was:
97.8%

Dear Parents,

It has been lovely to see all the children in both classes back at school this week. The staff have been busy carrying out baseline assessments with all the children, which will help us to provide the appropriate teaching and learning of all of our pupils. Staff are impressed with the focus the children are showing during sessions and the endurance displayed to complete their learning to the best of their ability. Well done to all our children, keep it up!

Miss Scullion, our PE specialist who also works at Okehampton College, joined us last week to observe our PE sessions. She commented on how well the children listened and followed instructions throughout their sessions. Staff are looking forward to working alongside Miss Scullion and developing their PE skills even further.

As the weather is getting colder please could you ensure that your child/ren arrive at school every day with a warm coat. We try to get the children outside for some fresh air daily at break times and lunchtimes, so a warm coat is definitely needed.

A huge thank you to those parents who have already signed up for a parents' consultation with Mrs Lee and myself. Can we ask that all parents sign up for a 15-minute slot by next Friday 2nd October; the sign-up sheets are available in the front entrance. Dates for meetings:

- Tuesday 13th October 9am – 5pm Meetings for class 2 parents
- Wednesday 14th October 9am – 1pm Meetings for class 2 parents
- Thursday 15th October 9am – 5pm Meetings with class 1 parents

A link nearer the time will be sent to your email with a 'teams meeting' appointment. If you have any problems with the times and dates available, please speak to a member of staff at drop off and pick-ups.

The children in class 2 have the opportunity to apply in writing for a role or responsibility within the school. The letter needs to outline the qualities they can offer to the role and the reasons why they would like to be chosen. The roles are school librarians, sports leaders and school council/Ethos members. All letters need to be given to Mrs Lee by next Friday 2nd October. Mrs Lee and myself will then read through the letters and the children's roles will be announced the following week. We plan to have the children's photographs and letters displayed in the front lobby and share this news with you in an upcoming newsletter.

Once again, many thanks for your continual support.

Have a great weekend,
Mrs Cook

Protect yourself, protect the NHS - contact 111 first

We are changing the way people in Cornwall access urgent - but not emergency - NHS care. We want to make sure people get the right care in the right place.

We are asking residents and visitors to **Cornwall to contact NHS 111 by phone or online**, at any time of day or night, to find out where they should go and when.

The reason for doing this is to keep people safe – our patients and our staff – during the pandemic. We must avoid overcrowding in our waiting rooms and reduce the risk of passing on coronavirus.

Expert clinicians at 111 will guide you to the right service for your injury or illness. They will let these services know you are coming.

You may be referred to:

- Your own GP – even if you are here on holiday
- A pharmacy
- A minor injury unit
- An urgent treatment centre

Or, if appropriate, you will be given advice on how to care for yourself at home.

People arriving at our minor injury unit without a referral from NHS 111 may be sent elsewhere or may have to wait longer, unless they need immediate treatment.

Getting you to the right place for your needs will give you a better experience and help to keep you safe. If you do need an NHS service, we will make sure that it is as close to home and as fast as we can.

Cornwall is one of several places around the country asking people to **use 111 first** in response to the pandemic and the ongoing need to protect people from infection. Other parts of the NHS are likely to follow the same system over coming weeks and months.

Go online at www.111.nhs.uk or call 111

SUPER LEARNERS OF THE WEEK

Class 1

Zac D has managed to complete all of his maths and English tasks this week and he tried hard to show how much he has been learning. Well done Zac!

Class 2

It has been fantastic to see all the effort that Harry has been putting in to all his learning this week but particularly his handwriting. I am really proud of his enthusiasm and eagerness to improve his learning by asking to take extra learning home in order for him to improve. Well done Harry, please continue this brilliant attitude.

Christian Ethos- 'Endurance'

Class 1

Zac U.T has been working hard to complete his learning to a high standard. He really takes the time to make sure he works neatly and carefully.

Class 2

Amelie overcame a challenge on the computer this week after losing her typing that she had spent a long time doing she showed determination to re-type and improve what she had written as she was doing so. It was great to see you using your skills of endurance without complaining. Well done Amelie.
